

# WORSHIP

# COLLAGE

Activity: Create a cell worship collage

Equipment: CD player/Computer (You Tube), A4 paper, Pens, Pencils, Felt tips, Coloured Pencils, Chalk. (These are not all necessary but a variety of things to draw/write with would be good), Digital Camera, Bible

Time: 20 – 30 min

1. Listen to a piece of music

Eg. Morning Mood - Edvard Grieg, Children - Robert Miles (Dream Version)

Try and use a clip which is around 4 min long and instrumental.

2. Invite people as they listen to it again to use a sheet of A4 paper to draw or write their worship response to it. Make the bible available as a resource in case people want to write a verse or look something up.
3. Put all the sheets of A4 together into a collage in the middle of the floor.
4. Spend time praying together after looking at / reading what's been produced.
5. Take a photo of the whole collage as well as the individual pieces of paper (if people are happy with that). These can then be posted on our website.
6. Either:
  - Invite individuals to use their work as a stimulus to personal worship during the week.
  - Display your cell collage at the next Sunday event.
